One of the strongest things about the heavy strike vote of the railroad unions is that nobody seems to fear or expect a strike. Thus far the only effect has been to revive in Washington some talk of the need for anti-strike legislation.

Now that there is so much talk about the price of corn and coal, it would be an interesting experi-

ment for some local man to burn a bushel of corn and compare the volume of heat units released with the result from the burning of a bushel of coal. Out in the west-ern country where corn is worth 25c a bushel and coal 50c there is no doubt about the economy of corn burning. Here nobody knows just the relative burning value.

Again there are stories that Congressmen Joe Cannon will not seek re-election. The announcement a few weeks ago was denied by the aged politician. Perhaps there was truth in that original story but the congressman prefers to make his own announcement instead of having others speak for him.

In taking stock of unemployment it is just as well to remember that a part of it is seasonal and always happens at this period of the year. Then another fact taken into account is that in the rush period after the war many more than the normal number of people were employed in industries. Because they are counted in now among the unemployed, the number rises to an appalling total.

Senator Reed has made a caustic attack upon General Dawes for usurping legislative powers in the conduct of the budgets department. One can imagine that Mr. Dawes will not be disturbed at all by the Missouri senator's criticism.

The budget director is too schooled in both business and politics not to know that the "lopping off" program on which he has embarked would be certain to stir up opposition. Many a bureau chief would have indulged in this criticism long ago but for the knowledge that Mr. Dawes has the full approval of the president.

Illinois is already carrying out the president's suggestion that as much public work as possible be done in order to aid the unemployment situation. Gov. Small has pushed road work up to the highest point of construction ever reached in the state.

The amount of road construction this far actually done this year sets a new record—to say nothing of the contracts for an additional 189 miles which will be awarded after the hundreds of bids filled yesterday are analyzed. There were also bids for 73 miles of road grading and 63 bridges. All this work will be in operation just as long as weather conditions will permit.

It is said that a prominent political leader who was defeated in the last election never accomplished anything of a constructive kind during his long stay at Washington. All he did was to find fault with the plans that other persons projected.

This is somewhat the case now with Senator Borah, who is in

many ways one of the most brilliant members of the upper house. But the records show that the senator spends most of his time in attacking the policies of others without offering substitutes that convince one of their superiority.

MORALS IN BUSINESS.

Here is a real sermon from the weekly business review of the Exchange National Bank of New York:

"Loose moral standards do not go with good business; they are inevitably translated into loose business methods and finally into failure. Mere honesty in the conventional sense of the old axiom that 'Honesty is the best policy' is not enough. The successful business man is the trusted business man, and the trusted business man is usually a man who commands trust by reason of his acceptance of the root principles of good morals. Piety is not implied, nor is a strict adherence to any religion or faith, altho our moral standards have been handed down by religion and none better have been developed for the guidance of men in their relations with society and with one another.

"Ethics are not enough. Codes and customs point a fairly path along which the successful man must go, but they do not provide the moral stamina which comes from the acceptance of the moral rules of the ages. These rules of conduct are the fruit of experience and the firm foundation of social intercourse and business relations. The man who flaunts them does violence to the moral sense of his fellows and forfeits their respect and, in consequence, their confidence. No individual is wiser than the ages. Men may deny their faith, ridicule precept and example, but they cannot abuse the moral standards by which the community lives and expect to win and hold an honored place in society or business.

"In an age of religious questioning, a certain relaxation in morals is perhaps to be expected from those who ignorantly believe that morals have no value outside of religion. This attitude and the activities of political revolutionaries, together with those of the leaders of a certain Broadway school of philosophy, provide the basic causes of moral disaffections. These, and the fact that modern education has not yet given us an adequate method of instruction in the institutional value of morals, account, in the main, for the loose moral standards which have been adopted by the thoughtless. Extravagant living is perhaps a result and not a cause of moral degeneration. Many a man, nevertheless, owes his fall from a position of honor and trust in business to his failure to resist his own extravagance or that of his dependents."

OLD JACKSONVILLE  
HOW SETTLEMENTS WERE MADE

(BY ENSLEY MOORE)  
Member Illinois State Historical Society

Mr. C. M. Eames in his History of Jacksonville and Morgan county, published in 1885, went into much detail about the earliest days here of our first settlers. In an introductory way he said, in part:

A Corn Patch.  
"At that early day the face of the country altho attractive in its wild beauty, presented an appearance different from that which now strikes the eye under its condition of cultivation and improvement. The surface of the country, prairie and timber, was covered with a luxuriant rank vegetation. On low grounds and flat prairie the wild grass grew to a considerable height. The 'hazel roughs' that crept out on the dry prairie knolls near the timber, and the young timber skirting had a hard struggle for life with the autumnal fires lighted by the Indians for hunting purposes, and, after the passage of such fires in the fall, presented a blackened and stunted appearance; and among this timber, already fire-gridled to his hand, the settler opened up his first five acre field, and planted his first patch of corn.

"The traveller exploring the country found the grassy surface broken except by a few small Indian trails, and in skirting the timber of the Mauvaisterre, Sandy or Apple Creek, he saw attractive patches of timber, and enticing locations for settlement."

In 1820.  
During the Spring of 1820 the first settlement of white men (after the Kelloggs) was made in Morgan county, in the vicinity of where Jacksonville now stands. This settlement was made by Mr. Roe, who located his claim and commenced work on what is now known as the "Beecraft place."

"Next came Messrs. John Wyatt and William Wyatt, who commenced their improvements on the farm later owned and occupied by Cyrus Matthews, Esq., (father of James R.) formerly Sheriff of Morgan county. These settlements were made about March 1 1820, and soon after, during the same months, Isaac Reeve, Joel Reeve, Lazarus Reeve, John B. Crain, Martin Dial, James Dutton and his son, Levi, and Robert James pitched their tents and selected their claims.

The First Blacksmith.  
Mr. Reeve settled on Sandy south west of the Diamond Grove on what has since been known as the Deeds farm. Being a blacksmith, he brought with him his anvil, hammers and bellows. As the season advanced and the plows of the infant settlement began to need sharpening, Mr. Reeve extemporized the first blacksmith shop in the open air, the interlocking stumps of two saplings being his anvil block, the bellows rigged to stakes driven in the ground, the first place of most primeval construction. This airy shop became at once a public institution. . . . The persons above named made their settlements in the immediate vicinity of the present location of Jacksonville, scattered around as attractive locations had caught their fancy. Mr. Deaton and son made their claim about four miles west. . . . on the Mercedosa road and Mr. James also settled in the same neighborhood.

Other Pioneers.  
During the same Spring, 1820, . . . settlements were made in two other neighborhoods. Mr. Swinerton, Mr. Olmstead and Mr. Pierce fixed their location and commenced improvements at Olmstead's Mound, since known as Allison's Mound; and on the north fork of the Mauvaisterre settlement was made by Samuel Scott. The Messrs. Kellogg were on the north side of the creek, and the first improvement was commenced on what is known as the Huffaker place, by Isaac Edwards. Mr. Buchanan settled on the head of south fork of the Mauvaisterre the same Spring; also Mr. Roberts and sons at Island Grove (Sangaamun county now).

AUTO SHOW PLANS  
MOVE ALONG NICELY

Extensive Preparations in Progress at Cherry Service Station

The work of the various committees engaged in working out the details of Jacksonville's second Auto Show and Merchants' Exposition to be held at Cherry Service Station Oct. 19, 20, 21 and 22, is progressing steadily. Work was begun Tuesday by John Cherry to rearrange and refit the garage for the accommodation of the exhibitors.

One of the things being done is to take out the partition running thru the building north and south. This will throw it all into one large room with a floor space of about one block. The whole will be beautifully decorated and artistically lighted.

The merchants and auto dealers' committee plan to make this an event that the people near and far long will remember. For the opening night at least there will be a special program of instrumental and vocal music and sport speeches. It is probable also that on the second or third day of the show there will be a noonday banquet for the exhibitors and their guests. There will be no admission charge to the show at any time.

The annual luncheon of the Jacksonville Woman's club will be held at Central Christian church, October 8th, at 1 p. m. Reservations must be made not later than October 6th. Mrs. John T. Buckley, chairman of ticket committee. Mrs. John J. Reeve, chairman of Domestic Science Round Table.

## BANKERS WILL

## HELP IN RUSSIA

American, English and German Banking Interests Will Co-operate to Rehabilitate Country.

BERLIN. — (By The Associated Press.)—American, English and German banking interests have begun negotiations looking toward cooperation in the rehabilitation of Russia thru the financing of industrial enterprises in the Soviet republic, according to information which has reached inter-ester commercial circles here.

The proposed assistance would not be based upon a recognition of the present government of Russia but would be extended "with the conviction that the Russian government would respect any contracts which might be made," one of the representatives of a London house, which is promoting the movement, declared. He added that negotiations were begun "after it was established that the Soviet government was no longer 'red' but had swung to the right, and was aiming at something essentially the same as the goal of other republican nations."

The Russian government is understood to have been informed of the purpose of the American, English and German interests and to have been told frankly there was no intention at this time of making Russia a fourth party to the contract, but only the object of "a solicitous and profitable movement."

The Russians are believed to have taken it for granted that the international bankers were planning "a benevolent exploitation" of Russia, which would not only yield them profit but would help to stabilize the uncertain economical situation there.

Certain Russians here who have displayed lively interest in these negotiations assert there is a possibility they will succeed regardless of whether the present Russian government stands or falls, altho it is admitted that at this time the only result of the movement has been to secure the promise of a number of individual but strong, banking houses in each of the three countries to support the plan if good evidence is offered that the Soviet government will give the foreign financiers a free hand.

A number of foreign banks and particularly English concerns already have placed large sums at the disposal of the Russians and also have sold them much merchandise, in many instances extending credit for as long as five years," said a German industrialist who is interested in numerous Russian movements.

"Other foreign concerns have flatly declined to have any commerce with the Russian Soviet and the actions of these concerns have been widely advertised. The fact of the matter is, and many financiers see it that whether the present Russian government prevails or not, vast fortunes are waiting in Russia for the men who ultimately must develop the country's latest resources, as well as rehabilitate the present run-down industries."

### C. H. STORY TO SPEND WINTER IN FLORIDA

C. H. Story, well known real estate dealer of this city, is planning to leave his office in the Ayers bank about the first of November and go with his family for a six months' stay in Florida. ### ALL NIGHT VIGIL AT CHAPIN BANK

Sheriff Had Tip That Robbery Was Planned for Sunday Night Officers Were on Watch But no Attempt was Made.

It was not made known until yesterday that Sheriff Weatherford and three deputies were on watch in Chapin Sunday night. Sheriff Weatherford received a message from a Chicago agency indicating that a plot had been discovered for the robbing of the Chapin State bank Sunday night. The sheriff was accompanied by Deputies Benjamin Andrews, John Roach and Oyer Wright. They went to Chapin Sunday afternoon and separated until after darkness fell. The four were fully armed and all night long watched the bank building. However, the Chicago agency was either in error or the rascals changed their plans, for no attempt to rob the bank was made.

There was only one incident during the night that aroused the suspicions of the watchers. An hour after midnight a big automobile approached from the west and just before the bank corner was reached the driver blew his horn and turned the car north. A low whistle was heard and the car stopped. A door slammed and again the machine moved to the north.

Again Monday night the bank was watched but no attempt at robbery was made.

### A NICE GIFT TO THE OLD PEOPLE'S HOME

Thru the trust department of the Farmers State Bank and Trust Company of this city the National Benevolent Association of the Christian church has just been paid fourteen thousand dollars for the use and benefit of the Old People's Home of this city.

A number of years ago an elderly man living in a distant part of this state placed in the trust department of the Farmers State Bank and Trust company a well secured real estate mortgage note for fourteen thousand dollars under a trust agreement whereby the trust company was to pay the annual interest on said sum to the donor and his wife as long as either lived and after the death of both to turn the principal over to the National Benevolent Association.

The donor died not long since and the death of his wife occurred several years ago. In accordance with the terms of the trust, the principal has been turned over to the National Benevolent Association as beneficiary in perpetuity for the use and benefit of the Old People's Home.

## GIANTS AND YANKEES ARE ALL SET FOR BIG CHAMPIONSHIP CLASH

(Continued from Page 1)  
try poured into the city for the sole purpose of witnessing the play. Hotels reported their accommodations taxed to the limit and the offices of the rival clubs

were besieged by late arrivals desirous of purchasing tickets with none available. Normally the situation would mean great profits for ticket speculators, but the demand for seats which has prevailed for almost two weeks, has been so steady and insistent that very few paste-boards have found their way to the ticket vendors.

**Are Evenly Matched**  
It is generally conceded among the wagering fraternity that the

Giants and Yankees are about evenly matched, advantage at a certain point for team being off-set by greater power or strength in another section of attack or defense of the rival combination. As a result, what betting is being done is at even money or the very slightest of odds. One enthusiastic admirer of the Giants may offer 10 to 9 on the chances of the Nationals winning while a few blocks away some Yankee rooter may think that the bluegeon of Babe Ruth warrants odds of six to five on the American League chances.

Attempts by the experts to analyze the chances of the two teams generally results in about the same situation of uncertainty and doubt. Not in recent years have two teams entered the final and most important baseball battle of the season with less apparent advantage one way or the other. Of the sameness and fighting ability of both clubs there is not the slightest doubt. Their gallant and winning struggle for the pennants in the closing days of the season is the only proof that need be offered.

In attack followers of the game are inclined to give the Yankees a slight margin of advantage. With their heavy hitting ability, which may be unleashed at any moment, they are extremely dangerous contenders until the final out. Defensively the team is not always as steady as admirers would wish for as several incidents and occurrences have demonstrated this season.

It is doubtful if the Yankees play with the same team coordination that the Giants have shown at times this year.

### Much Depends on Pitchers

Viewed from another angle it may be said that if the Nationals excel in team work, the Americans balance the scales with the individual power of their players. Much will depend upon the ability of the pitchers to hold the opposing batters in check. This is particularly true in the case of such clean up hitters as Ruth, Kelly, the Meusel brothers and other extra base hitters in the rival clans. In base stealing and strategy on the base lines the Giants are generally thought to have a slight edge. So far as the physical condition of the players is concerned both teams will make the fray one hundred percent strong.

In the final workout today both clubs had their full force on the field and reported after practice that each and every man was ready.

The Yankees had the Polo Grounds exclusively for their work during the forenoon and put in a two hour session under the watchful eye of manager Huggins. After luncheon the Giants indulged in a similar limbering-up, in which assistant manager Hugh Jennings directed operations. In both cases the practice was secret and only the players were permitted inside the locked gates. The managers of neither team would give the slightest inkling as to their selections for pitching assignments tomorrow. Although the forecast for opening day of play called for fair weather there was a slight hint of autumn in the air tonight and the early arrivals who took their places in line before the bleacher gate for the usual all-night vigil went prepared to pass as comfortably a night as possible with aid of blankets, stools lunch boxes and the regular accessories which go to make up the camping equipment of the rabid world series fan.

Long before midnight the sandwich and hot coffee vendors were doing a profitable business and the lines of men and boys were growing in length.

## STRIKE DISCLOSES FLOURSPAR MINE

Mines Located in Hardin County Largest in United States—Flourspar Used in Making of Optical Instruments.

Elizabethtown, Md., Sept. 29.—Hidden here in Hardin county, off the beaten path of transportation, the oldest flourspar mine in America, and likewise the largest in the world was recently "discovered" by the rest of the country when strike disorders brought newspapermen to this southeastern corner of the United States.

"Not since the James' boys rode thru Kentucky and crossed the Ohio river near here this quaint little county seat village—the second oldest settlement in Illinois—experienced so much excitement unless it was during the hectic days of reconstruction when night riders, the Ku Klux Klan and border whitecappers kept southern Illinois and northern Kentucky in a ferment.

The Hardin county flourspar veins are the largest in the United States. The main vein, running northeast and southwest across a portion of the county, ranges from 6 to 30 feet wide, is being worked on the 600 foot level, and diamond drills which have penetrated 1,300 feet have failed to find the bottom. Rosiclare mine, in operation more than forty years, holds a world's record for tonnage produced. Unlike coal veins in the neighboring counties, which lie flat in "bed" or "blanket" formation, the main flourspar vein stands on edge, and is mined under the same conditions as its sister hard rock minerals in Colorado and the West. In the eastern part of the county, at Spar Mountain, near Cave in Rock, there is a blanket vein of spar which is mined much like coal.

Is Used In Industry.

Flourspar is used in industry for a wide range of purposes. The finest grade found, optical spar, goes into the making of optical instruments. The opalescent glass industry and the enameling works making kitchen utensils and bath room fixtures use a coarser grade, only 99 per cent pure. Other grades go into the making of hydrochloric acid, aluminum and steel. Ten pounds of spar are used as flux in the making of each ton of steel, and 85 per cent of all spar mined goes into the steel industry. Optical spar sold during the war at \$30 an ounce and the grade used in steel making at \$30 a ton.

While Elizabethtown has been the center of the strike trouble, there are no mines here, the center of the industry being at Rosiclare, five miles away where the strike was called on September 11, 1920. Union headquarters were established here, however and various picnics, conventions and mass meetings held, until citizens took a hand Sept. 3 of this year and drove 150 union men from the town.

James A. Watson, Hardin county representative, Mayor George Wall, Sheriff D. N. Cox and State's Attorney Clarence Seward say the union men were driven out because they patrolled the streets at night with armed guards stopping citizens under the guise of protecting the life of Ed Carbine, union organizer.

The present strike is the second in the history of the flourspar field, the first having occurred in 1916, when an attempt to unionize the mines failed. The spar mines have been worked for more than 40 years, and prior to that time the diggings yielded lead and zinc, while the spar was thrown aside as worthless. During Civil War days a furnace was erected on the Ohio river bank to make bullets from the lead found in the flourspar veins. The ruined foundations of the old furnace still stand.

Lead and zinc are now by-products of the spar mines, along with calcite, a rock crystal and limestone. The calcite is crushed for road building purposes or ground fine and sacked as chicken grit, while the limestone is ground up and sold to farmers for agricultural use.

## PENROSE URGES EARLY NEED OF TAX REVISION

Says There is No Use to Advance Untried Ideas

(By The Associated Press)

WASHINGTON, Oct. 4.—Further revenue revision legislation ought to be enacted as soon as possible, Chairman Penrose, of the senate finance committee said today in a statement emphasizing that the pending measure was merely of a temporary and emergency character.

Discussing the sales tax, Senator Penrose said there was no use to advance novel or untried suggestions of taxation at a time when promptness of action of some kind is the slogan.

House leaders were even more pronounced in their declarations. Chairman Fordney of the ways and means committee, and Representative Mondell of Wyoming the Republican leader declaring that no such proposal could be put thru the house.

**Penrose Will Talk.**

Senator Penrose said there were many sources of revenue and methods of methods of taxation that ought to be considered by congress at an early date and that he intended to address the senate on "this particular subject."

Senate consideration of the tax bill was confined today to a vigorous assault on the measure by Senator Reed of Missouri, a Democratic member of the finance committee. He denounced the bill as an infamous piece of legislation and declared that the Republican plan to relieve the wealthy corporations and individuals of a large portion of their taxes was "a boot-licking" performance.

Several amendments to the tax bill designated to stimulate construction of homes were proposed today by Senator Calder of New York, head of the special senatorial committee which some time ago made an investigation of building conditions.

## PROTECTION FOR ILLINOIS INVESTORS

Established Securities Information for Benefit of Those Who Want to Buy Securities.

CHICAGO, Sept. 24.—Establishment of a securities information bureau designed to protect Illinois investors from worthless securities is announced by the Illinois Chamber of Commerce. It has prepared for this purpose an information blank which it is sending out next week. Any one in the state may avail himself of the bureau to learn about the standing of stock, bonds, certificates, etc. offered for sale.

The Illinois Chamber plans to work largely through local chambers of commerce and county farm bureaus and in smaller towns through the bankers.

In explanation of its plan, Harvey T. Hill, secretary of the state chamber, said:

"The Illinois Chamber of Commerce is continuing its war against the sale of worthless and unsafe securities by placing at the disposal of every local chamber of commerce in the state a number of blanks to be filled out by sales men of securities. As soon as the blank, properly filled out, is received by the securities information bureau of the Illinois Chamber of Commerce a report will be sent back concerning the value of the security offered."

"The information furnished will be available for the local newspapers or anyone interested in it. In communities where there are no chambers of commerce the local banker or the county farm agent will be able to get this service for his community."

"It is not the purpose of the bureau to furnish information about the value of securities furnished."

nished in the past, but rather to serve as a protector against securities being offered today. No one should buy any securities without first satisfying themselves that what they are purchasing is sound.

"The service of the Illinois Chamber of Commerce enables anyone in Illinois to get expert advice at any time without cost and if faithfully used it will drive from the state all fakers who have been making their living by selling worthless stocks, bonds, etc. Where a salesman asks you to buy a security and you are not sure of its value ask your local banker or your local chamber of commerce and they will get the information for you."

## INQUEST HELD AT STATE HOSPITAL

Henry Weimelt Injured When Fellow Patient Pushed Him Over—Death Occurred Tuesday Afternoon—Post Mortem Showed Old Injury Contributing Cause of Death.

Henry Weimelt, aged 63, a patient at Jacksonville State hospital, died at 1 o'clock Tuesday afternoon. The circumstances attending the death were such that a post mortem and a coroner's inquest were held. Last Thursday Weimelt was pushed by another patient in such a way that he fell on a wooden platform and struck his head. Since that time he had been in the hospital.

The jury returned a verdict indicating that the man's death was due to a lesion of the brain, caused by the recent fall and by an old injury. The record of the case shows that about 11 years ago the man sustained a brain injury from a piece of steel.

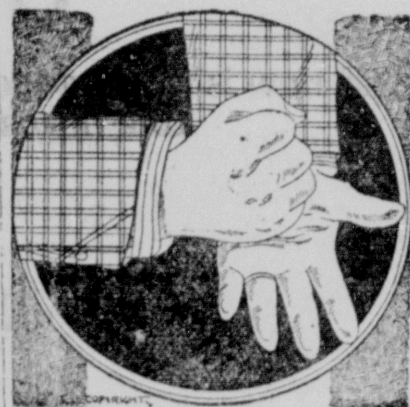

Following Weimelt's death at the hour indicated, a post mortem examination was made and Coroner Ross held an inquest at 4 o'clock in the afternoon. The jurors were William Batz, foreman; James Finch, William Peters, J. E. Farra, W. E. Smith and D. J. Staley, clerk.

Among the witnesses examined were Dr. E. L. Hill, Dr. Fremmel, J. O. Gray and M. R. Green. The verdict rendered was in accordance with the facts given above. In the opinion of the jury no one could be blamed for the injury Weimelt sustained. The remains will be sent to Quincy for interment.

## THE AUTOMOBILE IS REAL TIME SAVER

The time saving that automobiles mean to business men is illustrated every day. Monday J. A. Weeks, of Arendville, well known as a real estate dealer, left his home at 9 o'clock in the morning and drove to Litterberry in business. Then he traveled to Mercedosa and after an hour's stay there drove to Concord for a short stay. He was back at his home by 2:30 o'clock in the afternoon. To make such a trip by rail would require at least 3 days or if travel had been by a horse drawn vehicle an equal amount of time would have been consumed. This is just one illustration of time saving and of course the actual mileage was not nearly as great as a car can travel in the hours from 9 a. m. to 2:30 p. m.

Mr. and Mrs. E. J. Forsythe of Modesto were among the arrivals at Jacksonville.

## AMERICAN LEGION POST HELD SOCIAL MEETING

The monthly social meeting of the local American Legion post was held Tuesday evening at the hall on the north side of the public square. There were seventy present and the meeting was one of the most enthusiastic held in recent months. A delightful program was carried out during the evening. Alkire's orchestra furnishing several selections and a trio from Jacksonville State hospital giving some instrumental and vocal numbers.

A brief business session was held during the evening, when plans were made for sending a large delegation to the state convention at Decatur next Monday and Tuesday. The local post is to send a drum corps and the post colors to head the Jacksonville delegation in the parade. A proposition was received from the Veterans of Foreign Wars to meet at the American Legion hall and this proposition was accepted.

Among those present at the meeting Tuesday evening was Arthur Kew, mechanic at the State hospital. Mr. Kew recently made and presented to the local post a handsome mission table for use in the club room, a gift which is greatly appreciated by the members.

At the close of the business session and program the men present spent some time socially and refreshments of sandwiches and coffee were served.

## HI Y CLUB MET

### MONDAY EVENING

The Hi Y club held its regular weekly meeting at State Street Presbyterian church last evening with an attendance of fifty-seven present. Ten of this number were newcomers. The ladies of the State Street church served the boys a delicious supper after which the regular business session was in order.

The meeting was favored at this time with two speeches by former members of the club, graduates of the high school last year, Gene Dark, and C. Warren Hoagland. Mr. Findley, Y secretary, then took up the subject of study for the coming year and it was decided that study would be made from two text books, "Main Lines in the Bible" and "Our Bible and How We Got It." As previously mentioned the members of the club unanimously agreed that a more intimate knowledge of the Bible was desirable and to this end these text books have been chosen as suitable.

The club's next meeting will be held next Tuesday evening at the same place.

Mrs. Alfred Larson of this city was elected to the office of Great Minnehaha at the Great Council meeting of the Degree of Pocahontas of the Reservation of Illinois, now in session in Springfield.

The new official is a member of Minnetonka Council No. 71 Degree of Pocahontas of this city and was a charter member of the council which was first organized in 1905.

From the beginning she has been one of the most faithful workers both in her home council and in the Great Council. She has been a representative of Minnetonka Council to the Great Council and also has served on some of the most important committees in the state organization.

Mrs. Larson for a number of years has been in charge of the degree staff of the local council and the staff has exemplified the work in a number of cities in this part of the state. Last year it was invited to exemplify the work at the state meeting in Springfield.

The office to which Mrs. Larson was elected yesterday will lead to the stump of Great Pocahontas, the highest office in the gift of the Great Council of this reservation. It is a well deserved honor which has come to this local woman and news of her preferment will bring universal satisfaction to members of the order in this city.

RECEPTION GIVEN AT WINCHESTER HOME

Mrs. David Hainsfurther and daughters Entertain Tuesday Afternoon—Missionary Society Meets—Other Winchester News.

Winchester, Oct. 4.—Mrs. David Hainsfurther and daughters, Misses Dorothy and Virginia, gave a delightful reception Tuesday afternoon at their home on North Main street. The even was especially in honor of Mrs. Ike Lowenburg of New Orleans, formerly Miss Madeline Hainsfurther. Those in the receiving line were Mrs. Hainsfurther, Mrs. Lowenburg and Miss Dorothy Hainsfurther.

The dining room and the various rooms at the disposal of the guests were prettily decorated for the occasion, garden flowers being used with charming effect. Assisting in the dining room were Mrs. S. G. Smith, Misses Henriette and Julia Hainsfurther. The hours were from 3 to 5 o'clock and the occasion was greatly enjoyed by the large number of guests present.

Mrs. Charles Young entertained the Missionary society of the Christian church at her country home west of Glasgow Tuesday afternoon. Mrs. Gertrude Demereth was in charge of the program of the afternoon, which included short talks by Mrs. C. W. Smith and Mrs. Frank Ruark. These talks were especially relating to orphanage and Old Ladies' home and the members made plans to give some assistance to the Old People's home in Jacksonville. The hostess served refreshments during the afternoon.

Mrs. Thomas Kilkman, Mrs. William Werner, Miss Julia Werner and Mrs. M. W. Sappington were business visitors in Naples Tuesday.

Will Waters of Springfield is here for a visit with relatives and friends.

The funeral of Mrs. Minnie Miliken was conducted from the Christian church Tuesday morning at 10:30 o'clock, Rev. W. R. Johnson of the Christian church officiating. The church choir sang "Sometime We'll Understand" and then the minister read the Scripture lesson and offered a prayer. Then Will Waters of Springfield sang a solo, "Face to Face," and the choir sang "Jesus Savior Pilot Me." An obituary sketch was read by Rev. Mr. Johnson, who also delivered the sermon. The closing number was "Beautiful Isle" sung by the choir.

Interment was made in the Winchester cemetery, the bearers being Charles Siebert, Ora Carlton, Allen McCullough, Leo Mitchell, John Caldwell of Beardstown and Edward Ryan, Barrow.

There was a large number of relatives and friends of the deceased present from Jacksonville and Aley.

Rev. and Mrs. Elmore motored to Decatur Monday morning to attend the state convention of the Christian church.

They Know Who'll Win Series

Both these boys have the inside dope on who will win the world's baseball championship. Tommy McQuade, left, has proof that the Giants will win. But he can't convince Eddie Bennett. Tommy mascot for the Giants and Eddie is the human talisman for the Yanks.

was reviewed by Mrs. Findley Brown. Mrs. Hackett Wildt, sang a group of songs and Mrs. S. P. Jones entertained the members with a reading.

Mrs. Will Cocking was the hostess for the day and she was assisted in entertaining during the social hour by Mesdames Frank Dawson, Clarence York, R. A. Gates, W. O. Baumgartner, Findley Brown and J. I. Graham.

Give Weiner Roast

For Mr. and Mrs. McHattton

The Good Time Pinochle club gave a weiner roast last evening at Nichols park in honor of Mr. and Mrs. Charles McHattton, who are soon to leave for Michigan. The affair was in the nature of a farewell party and was greatly enjoyed by all of the members.

After the weiner roast the club returned to the home of Mr. and Mrs. W. F. Cook on Church street and there played pinochle. The prizes were won by Mrs. Leslie Harvey and Charles McHattton.

At this time the club members presented Mr. and Mrs. very much appreciated by them. McHattton with a thermos bottle as a token of esteem, which was very much appreciated by them. It is with regret that the club loses these two members.

Busy Bee Class

Enjoyed Party

The Busy Bee class of Central Christian church enjoyed a party at the home of Mrs. Clarkson Monday evening. The hours were from 7:30 o'clock until 10 o'clock. The party was the result of a contest which ended two weeks ago in which the losers had to give a party for the winners. A program was given after which games were played. Light refreshments were served. Those present were: Misses Lena Arenz, Alma McFarland, Valda Miller, Helen Miller, Adele Morton, Margaret Boston, Nellie Boston, Helen Harney, Jennie Kneitner, Laura Walters, Frances Kaule, Ruth Austin, Edith Meyers, Lucile Mrs. Clarkson, leader of the class.

W. C. T. U. MET AT PUBLIC LIBRARY

The Jacksonville W. C. T. U. met in regular session yesterday afternoon at the public library, with Mrs. Brannon, the president, presiding, and chose the county treasurer, Mrs. Charlotte Gray, and the local president, Mrs. Brannon, to represent them as delegates at the county convention of the W. C. T. U. to be held in Merceda today.

It was also voted to give hearty co-operation and most cordially invite the public to hear Col. Dan Morgan Smith at the Central Christian church Friday evening, Oct. 7. The offering will be used to help the laws of prohibition. It was also voted to donate trees to the Highway wherever they receive notification that the road and season are suitable to transplant them.

The next meeting will be held Monday afternoon at 2:30 o'clock in the public library.

MILL HOLD RELIGIOUS WORK CONFERENCE

A state conference on religious work at colleges is to be held at Florida Wesleyan at Bloomington, Oct. 7 and 8. This is one of a series of such conferences to be held especially for the purpose of interesting religious workers in life service. Dr. Barker, W. J. Weaver, Miss Olive Austin and Miss Carrie Whitmer and others from Illinois Woman's college will attend.

The secretary of the life service committee in this area of the Methodist church is Dr. William Davidson of Chicago and he will take part in the program. Bishop Thomas Nicholson of Chicago and Bishop Henderson of Detroit will both make addresses.

Among the places mentioned where there is a special call for religious workers is the Methodist mission at Lovetch, Bulgaria. Miss Kate Blackburn of this city has been located there for more than twenty years and she with some of her co-workers must soon be relieved.

### MYERS BROTHERS.

### Whose fault is it when your husband is cross at breakfast?

If you hit your thumb with a hammer you wouldn't blame your thumb for hurting.

Then why blame your husband whose nerves may have been pounded by coffee, and whose rest probably has been broken by the irritation of the caffeine it contains?

If you stay awake half the night you don't feel any too cheerful.

The caffeine of coffee and the thein of tea are known drugs. If their use is persisted in, sooner or later the nervous system may give way.

Then you may have insomnia, or disturbed sleep. Your nerves and tissues will be robbed of that stability essential for normal and happy living.

You can avoid this possibility if you'll stop drinking tea and coffee and drink instead, rich, pleasing Postum.

Postum is the delicious cereal beverage with a coffee-like flavor. It affords the advantages of a hot drink, without the ill effects of tea or coffee.

Order Postum from your grocer today. Try it with the family for a few days, and see what a difference there'll be—how it will permit Nature to bring sound sleep and strong, sturdy, quiet nerves. Sold by grocers.

Postum comes in two forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

### CONGREGATIONAL AID IN ANNUAL BUSINESS MEETING

The annual business meeting of the Ladies' Aid Society of the Congregational church was held Tuesday afternoon at the Pilgrim Memorial. At this time reports from various officers and chairmen of committees were received and the election of officers was held. The officers who are to serve for the coming year are: President—Miss Maria Fairbank. Vice president and secretary—Mrs. T. P. Carter. Treasurer—Mrs. D. B. Hutchinson.

The report of the treasurer showed receipts during the past year of \$1,125 and disbursements of \$1,024 and thus there is a goodly sum remaining in the treasury for carrying on the work of the coming year. Plans were discussed for the work to be done during the coming twelve months and the year's program as outlined is a very full one. The society presented a gift to Miss Marion Fairbank, who is to leave tonight for South Dakota to take up social service work with Rev. and Mrs. Allen Fairbank.

### AUTOS COLLIDE ON WOODSON ROAD

Car Driven By Mrs. A. B. Smith Meets Headon With One Driven By H. F. Garfield—Only Damage Is to Cars.

Mrs. A. B. Smith, driving a Buick Six, collided with a Ford driven by H. F. Garfield on the bridge just south of the baseball park on the Woodson road Tuesday morning. Both cars were traveling at moderate speed else the accident might have had serious results. The cars were damaged to the extent of about \$100 but neither of the occupants was injured.

The accident occurred when the cars attempted to pass on the bridge. There is ample room for two cars to pass but in some manner they came together with the result as indicated.

## THREE ARTISTS TO APPEAR IN CONCERT

Vera Bartow, Violinist, With  
Amy Ellerton and Calvin Cox,  
Soloists, Northminster Church  
Tonight at 8:15.

Brady Bros. will present Miss  
Vera Bartow, violinist, Miss Amy  
Ellerton, contralto, and Mrs. Calvin  
Cox, tenor, in a recital at North-  
minster church tonight at 8:15.  
Miss Ellerton's voice is of rare  
purity and flexibility. With such  
an organ and the thoro training  
which she has had in this country  
and abroad it is not astonishing that  
she is receiving the universal ap-  
proval of press and public wherever  
she appears.

Miss Bartow is one of the leading  
women violinists of America.

At her recent Aeolian Hall re-  
cital, New York City, the critics of  
the prominent daily and musical pa-  
pers acclaim her a sterling artist of  
the first rank. Her success was tre-  
mendous, and this success has been  
repeated everywhere she has ap-  
peared this season. She possesses a  
personality of rare charm and sure  
to prove a great favorite here.

Mr. Cox always pleases in his  
tenor arias and solos and he will  
prove a valuable third member of  
the trio.

Brady Bros. are receiving numer-  
ous requests for cards of admittance  
and it is advisable to secure tickets  
as soon as possible this morning  
as seats are limited. Admission

Jacksonville people who have heard  
Miss Amy Ellerton sing, say that  
she has a contralto voice of wonder-  
ful range and volume, and is the  
greatest singer that has appeared in  
Jacksonville for a number of years.

Miss Vera Bartow is a charming  
young violinist in the heights of her  
career and is unquestionably one of  
the most talented women violinists  
now before the public.

Mr. Cox is a tenor that never fails  
to please the audience. Altogether  
this is the greatest musical treat  
Jacksonville has had in a good many  
years.

Admittance is by card only and it  
is Brady Bros.' desire that every lov-  
er of music enjoy this concert. Don't  
delay, call for your ticket early  
today. No charge.

## NORTONVILLE HAS GOOD ROADS MEETING

Number of Local People Attend  
Gathering Held Tuesday—Was  
Held at Home of Mr. and Mrs.  
Leonard Dalton.

An umber of local people drove  
to Nortonville yesterday to be  
present at the good roads booster  
meeting held at the home of Mr.  
and Mrs. Leonard Dalton. There  
were thirty-five persons present  
to partake of the bountiful dinner  
served at noon on the lawn of the  
Dalton home. The menu included  
chicken and various other good  
things to eat, all most temptingly  
served.

After dinner came an informal  
program, with J. J. Reeve of this  
city presiding. After expressing  
the thanks of the company for the  
splendid dinner, Mr. Reeve spoke  
some complimentary words about  
the Nortonville neighborhood and  
then called on various ones for  
brief remarks on the general sub-  
ject of good roads. Altogether it  
was a very enthusiastic gathering  
and gave ample proof of the in-  
terest which is now being felt in  
Morgan county in the good roads  
program.

The Nortonville people are thor-  
oughly interested in the good roads  
subject and have done much to  
improve the highways in that part  
of the county. Leonard and Clar-  
ence Dalton have been among the  
most enthusiastic good roads  
boosters and have done their full  
share of the work. The Peoria,  
Pekin, Havana and Jacksonville  
route from Carlisle passes thru  
Nortonville and connects at  
Woodson with the Mississippi  
Valley highway, thence coming  
north thru Jacksonville and on to  
Havana. This highway is in ex-  
cellent shape, comparing well with  
the other well known trails.

Among the local people who  
went to Nortonville were County  
Commissioners J. E. Osborne,  
George Wheeler and Frank Maw-  
son, County Clerk G. L. Riggs, L.  
V. Baldwin, Highway engineer,  
Grant Graft, W. L. Alexander,  
Fletcher Hopper, Arthur Reeve,  
Charles L. Mathis, J. L. Reeve,  
Alva Noruff, John Snyder, Harold  
Welch and T. M. Tomlinson.

Mr. and Mrs. Dalton had the as-  
sistance of a number of Norton-  
ville residents in the serving of  
the dinner, among the number be-  
ing Mr. and Mrs. J. S. Miller, Ger-  
ald Downs, Mr. and Mrs. Warren  
Fanning and son, Lionel Sey-  
mour, Mrs. John Anderson, Mr.  
and Mrs. J. N. McNeeley, Miss  
Mabel Jones, Mr. and Mrs. J. H.  
Clemmons, Mrs. Martha Fanning,  
Miss Nellie Fanning, Mrs. Mary E.  
Dalton, Miss Birdie Dalton.  
Among those present were the fol-  
lowing from near Palmyra: Mr.  
and Mrs. Weller, Mr. and Mrs.  
Duncan, Mrs. Rebecca McNeeley  
and Sanford Covey, John Wilkin-  
son, road commissioner from  
Woodson, Thomas McGrath, road  
commissioner Murrayville.

## You Get Bigger Crops the First Year With

## MISSISSIPPI Pulverized Limestone

Quality counts in limestone for soil sweetening just the same as in  
seed for crops. Carrying charges, hauling and the labor of putting  
it into the soil properly are just the same with inferior limestone  
or seed as with better kind—profitable returns are quick and sure  
only when you buy the best.

## High Calcium Content and Correct Milling

are of greatest importance in pulverized limestone for agricultural  
use. Calcium is what you buy limestone for. The richer the stone  
in calcium the more soil sweetening material you get for your  
money—the less stone you need to buy and handle.

Mississippi Pulverized Limestone is exceptionally high in calcium  
content and is made of the same rock from which our high cal-  
cium burned lime is manufactured—free from all flint, low grade  
material or dirt.

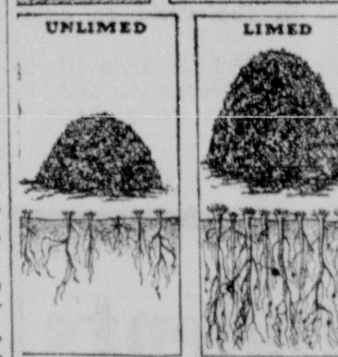

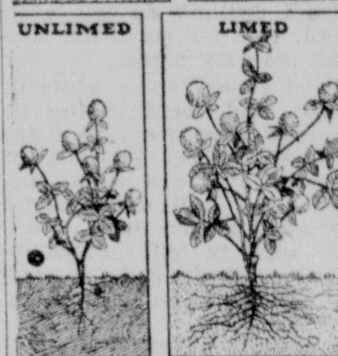

Mississippi High Grade Pulverized Lime Stone is not a mere by-  
product of the quarry, but is especially selected and milled for  
agricultural use. Because of its high quality and correct milling, it  
serves the soil quickly and completely—you get bigger crops the  
first year and for years to come.

## Your Soil Needs Lime

Write us today for free illustrated literature on liming land and reports of crop  
increases when the right kind of limestone is properly applied.

We fill orders promptly. Let us give you price on a car delivered at your station

### IT HAS NO EQUAL DECLARES PORTER

"Nothing Can Take the Place of Tanlac With Me," Says Ex-Serviceman.

Still another well-known ex-serviceman comes forward with his unqualified endorsement of Tanlac. This time it is William R. Porter, 2842 North Clark St., Chicago, Ill. Mr. Porter served two years and three months overseas during the late war and was badly gassed. At one time Mr. Porter was assigned to Development Battalion No. 8 as an athletic instructor. Here is what he has to say about Tanlac:

"For fully a year after I got back from France my health was very poor. I felt depressed and no account all the time. I was suffering from indigestion, could not eat but very little, and my food soured and formed so much gas on my stomach it seemed that I would smother. I was very nervous, couldn't sleep to do any good, and my face was pale and thin. I got to where I couldn't do my work very well, and my condition discouraged me very much.

"I heard about Tanlac while in the South, and began taking it. Four bottles gave me a fine appetite, fixed up my stomach in every way. I have a wonderful appetite, sleep well every night and feel good all the time. I am certainly glad to tell the people what Tanlac will do, and I'm glad to give this statement. Nothing can take the place of Tanlac with me, for I don't believe there's a medicine in the world to equal it."

Tanlac is sold in Jacksonville by J. F. Shreve, Druggist, and by leading druggists everywhere.—Adv.

### MUST CONSIDER BOTH PLAYERS AND PUBLIC

Chicago, Oct. 4.—Both the players and the public must be considered in professional baseball arrangements said a statement today over the signature of Judge K. M. Landis, baseball commissioner outlining the rules of procedure for the city series between the Cubs and White Sox. Consequently the prices of admission at these games must be same as through the season although the indications are that capacity crowds could be drawn at high prices. Because the series is designed partly as a method of financial aid to the players, the office of the baseball commissioner will not accept any passes to the contests, the statement said.

William H. McCarthy, president of the Pacific Coast League, has charge of the series in the absence of Judge Landis who is in New York for the world's series.

### BIG FOOTBALL GAME FOR LEGIONAIRES

Staleys Will Play Rock Island Independents at Decatur Next Monday—Teams Have Some of Most Noted Stars in World.

One of the biggest football games ever staged in the west will be played at Staley field in Decatur next Monday when the Staleys meet the Rock Island Independents. The game is being staged for the benefit of the American Legion state convention which opens there next week.

These teams will represent perhaps the greatest galaxy of stars ever seen on one football field. The names of nearly all of them are household words throughout the entire United States. Many of the men were in service during the World War and Harley one of the greatest of them all, was in the air service.

Last year the Staleys tied for the professional championship of the United States and Rock Island was a close runner up. This year both teams have strengthened up greatly and the battle next Monday will be worth going miles to see.

In order to get this stellar attraction for the entertainment of the Legion the management of the game required to put up a guarantee of \$6,000. But it will be worth it and with good roads the venture should be a great success.

Just cast your lamps on the lineups of the teams and then ask yourself if this is not the greatest game of the year, in the west, if not in the entire country.

Rock Island Independents—Capt. Coughlin, All-American tackle, Notre Dame; Keefe, Fitzgerald, Duggan, Hayes and Malone, Notre Dame; Conzleman, All-Missouri Valley quarterback, Washington University; Gaiver, Georgia Tech; Thorpe, Penn State; Woenig, Morningside; Mills, Maryland; Wyland, Iowa.

Staleys—"Chic" Harley, All-American half, Ohio; "Pete" Stinchcomb, All-American half, Ohio; Chamberlain, All-American end, Nebraska; "Tarzan" Taylor, All-Western tackle, Ohio; Huffine, All-Western fullback, Purdue; Trafton, Notre Dame; Rupp, All-Ohio half; Halas, Sternaman, Lanum, and Smith, Illinois University; Blacklock, Michigan Aggies; Barker, All-Western guard, Ames, and other well known stars of the gridiron.

### HEALTH IS A WOMAN'S GREATEST ASSET

Contrast the cheerful, happy woman with head erect, the glow of health on her cheeks, the elastic step and bubbling enthusiasm as she goes about her daily tasks, with the woman who suffers from backache, headaches, dragging-down pains, nervousness and despondency. Such conditions are undoubtedly caused by woman's ailments which will yield to Lydia E. Pinkham's Vegetable Compound, which for many many years has been restoring weak, ailing women to health and strength. Every woman who suffers in this way owes it to herself to at least give it a trial.—Adv.

### OSBORNE WINS CITY GOLF TITLE

Defeats Leo Flood in Brilliant Match Four Up and Two To Play—Flood Plays Game Up-Hill Battle—Miss Miller and Mrs. Samuell Tie in Ladies Tourney.

Playing brilliant golf Marcy Osborne for the second time won the Jacksonville City Golf championship defeating the runnerup, Leo Flood, by the score of four up and two to play. For the second time straight running the Golf Illustrated Trophy cup goes to Osborne, who if he wins it one more year will be the permanent holder. The match yesterday was the second eighteen holes of a thirty-six hole match, the first eighteen of which were played Sunday. With ideal weather and the course in better shape than it has ever been before and with a large gallery watching the contestants, Flood, the runnerup, went down to defeat but not without putting up the battle of his life.

Osborne started the day's play five up by winning the first hole, halving number two and three and winning again on the 360 yard number four. Marcy was met seven up. This was not Osborne's highest advantage, however, as after the fifth and sixth holes were halved, Osborne won again making him eight up at the end of the 7th hole.

### Plays Brilliant Game

It was just at this point with the championship all but Osborne's that Flood gave the spectators the most brilliant exhibition of golf that has ever been seen on the Nichols park course. Flood accomplished this by taking advantage of the one dubbed shot that Osborne made during the entire match. It was his tee shot on his eighth hole which pulled badly into the water, Leo immediately stepped into the opening with a splendid drive and a perfect approach, taking the hole. Leo then showed the calibre of golf that he is capable of playing by winning the next five holes straight, which placed him at the end of the twelfth hole only three down. The large gallery then realized that they were going to be given a thrill after all.

Both players scored beautiful drives on the 360 yard fourth hole and it was at this point that the gallery witnessed the most perfect exhibition of golf playing that has ever been seen in these parts. On the second shot, Leo was away and with a lie on the crest of the hill he put his brassie shot directly in the circus ring. Osborne, with a long iron shot, overplayed the green into the pit directly behind it. He made a beautiful recovery and the hole was halved in four, the match standing Osborne three up.

### Flood Comes Strong

Leo misplayed badly on the next hole topping his next drive and taking four to get on the green. Osborne played perfectly and the hole was his, four up and four to play. Flood was dormant and the match was all over but the shouting. However, he came back strong winning number six in par three. The spectators were still following closely hoping that extra holes might be necessary to decide the championship, but Osborne, true to form, played number seven in a beautiful four clinching the match and the championship.

Presentation of the cup was postponed until a later meeting of the Municipal Golf club at which meeting the prizes for the Ladies championship, played yesterday will also be distributed.

### The Ladies Blind Roney tournament played yesterday resulted in a tie between Miss Willella Miller and Mrs. Paul Samuell. All the honor goes to Miss Ruth Brown, who played a brilliant game of golf and made the lowest medal score of 193, thereby winning the prize offered by the Peacock Inn for best medal score. Mrs. Pearl Lavarance had the next lowest medal score of 115. Miss Miller played with a handicap of twenty and Mrs. Samuell with a handicap of thirty-six. This tie will be played off Thursday afternoon at 1 o'clock, the contestants playing eighteen holes until the match is decided. Mrs. A. L. Gregory, Mrs. Fred Randall, Mrs. Tom Scott and Mrs. Harrison King also played as well as a number of other ladies who failed to turn in their cards. The ladies tournament was a great success from the standpoint of excellent golf played.
